Friends Groups Partner to Make Grant Possible

(Nottoway County, Virginia – September 17, 2017)

The Nottoway County Public Library System is pleased to announce the arrival of dozens of books from the Pilcrow Foundation's Children's Book Project. The Friends of the Crewe Library and the Friends of the Library, Blackstone each pledged funds for this matching grant for rural libraries. These contributions enabled the Library System to receive a collection of high quality, hardback books that will be processed and cataloged for circulation in the coming weeks.
