LIBRARY SYSTEM ANNOUNCES NEW DIRECTOR

(Crewe, Virginia – August 10, 2016)

The board of the Nottoway County Public Library System (NCPLS) is pleased to announce that Jacqueline (Jackie) Zataweski is the new Director of the Nottoway Public Library System. Previously a life-long resident of southwestern Pennsylvania she obtained her BA at Point Park University (Pittsburgh, PA) and her MLIS from Clarion University (Clarion, PA).

Jackie's life-long love of books and reading led her to becoming the co-owner of a used bookstore and, later, to volunteering at her community library. She has worked in public libraries for ten years and has, over time, learned the many aspects of librarianship. To prepare for her role with the Nottoway County Public Library System, Jackie began working with (then) acting Director Grace McDonald while still in Pennsylvania and since her arrival; she has been working to become familiar with each of the libraries and the communities they serve.

The Nottoway County Public Library System provides all residents at no cost the resources for accessing accurate information, and the means for continual personal growth and prosperity. Currently, the Library System offers Imagination Works, a Story Time session, one morning every week at each library and additional programs for children of all ages are being discussed, as are programs for adults. In addition to planning future programs, Jackie is working on finding new methods of getting information about the library into the hands of the community; she says that it does little good to have programs or resources like eBooks if residents are unaware they exist.
