## Tune In to WSVS for Story Time

The Nottoway County Public Library System is continuing to practice caution and discourage gatherings, but that doesn't mean that we don't miss sharing great stories with you! Ms. Gail has been hard at work, selecting and practicing the stories she will be reading for you three times each week on WSVS. Tune in to 97.1 or stream online at

[www.wsvsamfm.com](http://www.wsvsamfm.com) every **Monday, Wednesday, and Friday morning at 10:30** to enjoy a story, and don't forget that **these on-air adventures count toward the 1000 Books Before Kindergarten**

**"challenge"**. Stop by any branch to pick up a reading log, or print one from our website, and **fill a circle** every time your pre-school child is read a story. **When the page is full**, bring it to the library and **exchange it for a free book!**

## Take & Make Kits Continue

Last month, we told you about penny spinners and dragons; in this newsletter, it's all about current and upcoming craft kits for adults (and older children). Right now, you can go to any Nottoway County branch and pick up a dot painting kit so that you can make a decoration like the one shown below (created by Ms. Gail). Later this month, you will be able to come to the library and take home that includes everything that you need to decoupage a coaster.

In the coming weeks, the library will offer take home kits for a variety of STEM challenges. We'll be asking you to build a catapult and to tell us how far you can get a pom-pom to fly. We'll be asking youngsters to construct towers out of mini-marshmallows and toothpicks, and we'll be providing salt, glue, and one other component to make an art project that uses science, too. Please be sure to tag us on social media when you show off your projects!
